Student feedback Analysis Academic year 2019-20 and 2020-21

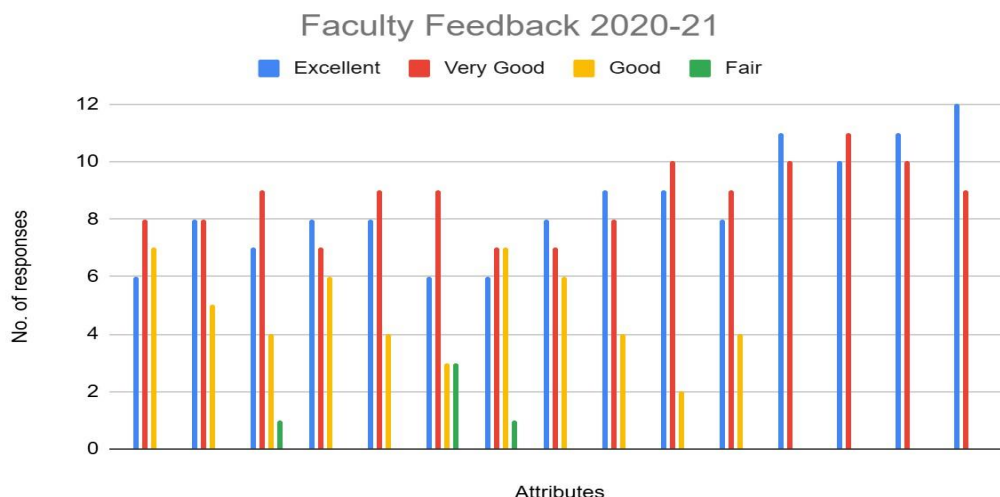

Due to Covid-19 Pandemic lockdown formal student's feedback could not be taken for the sessions 2019-20 and 2020-21. However, action on the following points which were reported by the students has been planned:

- i. Students have reported that the online teaching platform, Google Meet, is being used for assignments. Quiz etc, is not working properly because there is no recording facility, no surveillance and no checking facility.

Action Plan: It has been planned to purchase MS Team for better conduct of online classes.

Quest College of Science & Technology
Faculty Feedback Analysis
Session - 2020-21

Strong Areas: Following are the strong areas as per faculty feedback analysis:

- (i) Well Defined Goals of Syllabi to Students & Teachers
- (ii) Equal opportunities for all the staff
- (iii) The vision , philosophy and objectives of the college are known

Weak Areas: Following points have been reported as weak in the faculty feedback for which action for improvement has been planned:

Sr. No.	Weak Areas	Action Plan
(i)	Encouragement to Teachers for Research	To conduct orientation on benefits of research. Recognize and reward for research contributions
(ii)	Chances for Development of Staff	To organize regular Faculty Development Programs (FDPs), workshops, and seminars
